SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
- Adaptivity
- Self-Learning

TECH SKILLS

- HTML
- Java script
- Java
- C
- C++
- Spring boot
- SQL
- CSS
- Express

PROFILE

IT graduate with hands-on experience in full-stack web development using the MERN stack, Spring Boot, HTML, CSS, and JavaScript. Skilled in working with PostgreSQL, MongoDB, and MySQL, with practical knowledge of Docker, GitHub, and software development best practices. A proactive and collaborative individual with a passion for learning new technologies, solving real-world problems, and contributing to innovative software projects.

EDUCATION

Bachelor of Science in Information Technology 2022 - 2026

Sri Lanka Institute of Information Technology (SLIIT), Sri Lanka

GPA: 2.87

Advance Level - Physical Science

2018 - 2021

Eheliyagoda Central college

Maths - C Chemistry - C Physics - S

EXPERIENCE

Software Engineering Intern (Backend Development)

Jan 2026 - Jul 2026

6 months

PROJECTS

FLUSEC - LLM-Driven Flutter Security Extension 2025 - 2026
with Educational Feedback

Developed a VS Code extension that detects Flutter application security vulnerabilities through AST-based static analysis and provides LLM-powered educational feedback with recommended fixes.

Technologies Used: Flutter, Dart, VS Code API, LLM

- React
- Node.js
- bootstrap
- python

TOOLS & TECHNOLOGY

- Git
- GitHub
- mongoDB
- Postman
- Docker
- supabase
- My Sql
- Firebase
- fast api
- microservice

LANGUAGES

- English
- Sinhala

Clinic Appointment Management System	MAR 2026 - JUN 2026
Developed a microservices-based backend system for managing clinic operations, including patients, doctors, appointments, and schedules. Implemented an API Gateway to route client requests and enable scalable service communication.	
Technologies Used: <i>FastAPI, Python, HTTPX, REST APIs, Docker, Microservices Architecture</i>	
Mentovia - Skill Sharing Platform	MAR 2025 - JUN 2025
Developed student work plan management features including CRUD operations and progress tracking. Integrated frontend and backend components to support user workflow management.	
Technologies Used: <i>React, Spring Boot, MongoDB</i>	
SchedulEase - Student Scheduling System	MAR 2025 - JUN 2025
Implemented schedule management functionalities for administrators and enabled students to view personalized daily schedules through a user-friendly interface.	
Technologies Used: <i>MongoDB, Express.js, React.js, Node.js</i>	
Google Authentication App	OCT 2025
Implemented secure user authentication using Firebase Google Sign-In with login, registration, and account verification features.	
Technologies Used: <i>Flutter, Firebase Authentication</i>	
PetPulse - Pet Healthcare & Accessories Web App	FEB 2024 - JUN 2024
Implemented schedule management functionalities for administrators and enabled students to view personalized daily schedules through a user-friendly interface.	
Technologies Used: <i>MongoDB, Express.js, React.js, Node.js</i>
